AUTO RURAL MAIL PLAN TO BE TRIED NEAR D. C.

The Postoffice Department has decided to establish experimental automobile rural free delivery routes and has selected Washington as a good place to try out the venture.

The Civil Service Commission has announced that a competitive examination will be held here on December 3. The routes will pay a salary of from \$1,200 to \$1,500 a year. Applicants must be residents of the districts in which the routes will be established and must furnish their own automobiles.

It is requested by the Civil Service Commission that those who intend taking the examination make application for blanks and other instructions from the commission at the earliest possible date.

Argument Over Jitney Cause of \$5,000 Suit

An ordinary nickel caused a suit for \$5,000 filed yesterday against the Washington Railway and Electric Company.

Joseph Rafferty, a minor, contends that he paid his fare when he boarded a car on September 3 at Mount Pleasant street and Park road. He alleges, through his mother, that the conductor disputed this fact and demanded a second fare, which brought about a dispute in which it is asserted he was "heckled, humiliated, and embarrassed in the presence of other passengers."

BUTTER AND EGGS SEEK HIGHER LEVEL

Half a Cent Advance Quoted by Chicago Wholesalers.

(By the International News Service.)

Chicago, Nov. 6.—Eggs and butter crept closer today to the extravagant prices forecast by dealers and speculators.

In the face of the November report of Associated Warehousemen, disclosing great shortages of the two products, the wholesaler's price of both was quoted at half a cent advance. This meant advances to consumers of a cent or more on a pound of butter and a dozen eggs.

The warehousemen's figures are as follows: Butter stored November 1, 1915, 79,662,000 pounds; November 1, 1916, 68,964,000 pounds; eggs, 1915, 2,068,000 cases of 30 dozen each; 1916, 2,217,000 cases.

The question of a boycott on storage eggs probably will be considered at the meeting next Monday of the Chicago Housewives' League.

"I probably shall submit the proposition to the members," said Mrs. John C. Bley, president of the league, today, "in view of the rising prices and of the recommendation of a boycott by the National Housewives' League officials in New York."

HUGHES FOR 8 YEARS* PREDICTED AT RALLY

Colored Enthusiasts Told Wilson Will Be "Buried."

A Hughes victory that will "bury Wilson with an avalanche of Republican votes" was predicted for Hughes at a Republican rally in the John Wesley A. M. E. Church, Fourteenth and Cochran streets northwest, last night. It was also declared he would occupy the White House for eight years.

Democracy was charged with discrimination of citizenship in the South. It was declared that "the glittering gold bricks handed out by the present administration have led the American public astray."

The rally was held under auspices of the Republican League of the State Central Committee and was attended by fully 1,000 enthusiasts. Addresses were delivered by William T. Gallier, president of the State Central Committee; T. Lincoln Townsend, president of the Interstate Republican League; Attorney E. F. Coladay and George R. Laird; Rev. Walter H. Brooks, D. D., pastor of the Nineteenth Street Baptist Church, and Prof. John R. Hawkins, financial secretary of the A. M. E. Church.

J. Finley Wilson, editor and publisher of the Washington Eagle, presented Mr. Gallier with a gavel weighing twenty-five pounds. It was the gift of Harry Wardman.

Senator Scott declared that any one who would vote the Democratic ticket today "is low, mean and contemptible." He predicted a calamity for this nation if President Wilson is re-elected.

Dr. Brooks said: "There is no hope for us in Democracy. It will give us no equality of citizenship. The only hope of the colored people lies in Republicanism."

The Hughes Club of Howard University and the John A. Logan Woman's Club attended the rally in a body.

ENDORSE MAJ. W. C. HARTLEE.

Rifemen Urge Officer's Appointment as Marksmanship Director.

Maj. William C. Hartlee, U. S. M. C., has been mentioned to President Wilson and the Secretary of War for appointment as director of civilian marksmanship. Col. M. A. Winter, president of the Army and Navy Union Rifle Club, presented Maj. Hartlee's name for the position, which is a new one.

It was due to the efforts of Maj. Hartlee that the Winthrop Rifle Range, on the Potomac, was thrown open to Washingtonians. He is the author of the Marine Corps score book and is a student of shooting from both the theoretical and practical standpoint.

The endorsement of Maj. Hartlee is signed by more than 400 members representing 30,000 civilian riflemen.

U-LINER WILL LEAVE VIA CAPE COD CANAL

Deutschland to Start on Return Trip Either Friday or Saturday.

By DAMON RUNYON.

(International News Service.)

New London, Conn., Nov. 6.—When the German submarine, the Deutschland, slips away from this port it will sail through the Cape Cod Canal, which will give her an opportunity to leave American waters on her homeward dash at any point along the New England coast that Capt. Koenig chooses.

The master of the undersize boat asked for permission to go through the Cape Cod Canal almost immediately upon arriving here. This request gave rise to the report that he intended going to Boston to discharge certain portions of the cargo consigned to Boston merchants.

It now develops, however, that he desires to use the Cape Cod route in quitting these shores for the run back to Bremenhaven. It will enable him to add to the confusion of any pursuers, and it is certain that on this occasion he is going to have plenty of pursuers.

It is believed that this time the allies will make a very desperate attempt to seize the Deutschland, because of the manner in which the little green boat has flouted the so-called British blockade. Reports from the outside waters are to the effect that numerous warships of the allies have appeared, and it is said that spies are in New London for the purpose of advising the ships outside when the Deutschland departs.

The blockade runner probably will leave Friday or Saturday, without attempt at concealment, but may jockey around the three-mile limit for a time, awaiting a good opportunity for the dash.

BUILDING TRADES CHIEF DENIES HE'S FOR G. O. P.

Thomas J. Williams, president of the Building Trades Department of the American Federation of Labor, was quoted in page advertisements in New York newspapers on Sunday as saying the American workman should vote the Republican ticket. Last night he sent the following telegram to Thomas E. Burke, of Chicago, secretary of the United Association of Plumbers:

"Was called up at my home by one of the secretaries of Mr. Gompers informing me that a telegram had been received from you to the effect that I had made certain statements which had been pub-

lished in the form of an advertisement endorsing Hughes. This whole matter is an absolute falsehood and you can give full publicity to this statement of mine." When the advertisement was read to Mr. Williams last night, he said there was "a conspiracy" against him, and that "the whole thing is damnable."
